SUBJECT : Weekly Report #24
Assessment and Evaluation Staff
11 - 17 June 1958

1. C/OS has probably informed you of the disposition So far as I can learn, the decision, while consistent with our assessment report was taken in the light of all factors in the situation, including the results of a long discussion EE had with the military people involved.

2. C/A&E and C/TSB attended a meeting of the Professional Recruiting Staff. The discussion centered around the FCDP program. The recruiters seemed satisfied with the flexibility this program gives them.

3. Several weeks ago, was referred to this staff by CO/OS for assistance in working out an operational problem in connection with an existing and continuing agent assessment and selection activity. The Staff developed detailed suggestions for an operational assessment program, for informal discussion within the Branch. The Branch now desires to send the material to the field, and is working on a dispatch which will be coordinated with CO/OS and A&E. The A&E Staff, in formulating its recommendations, followed essentially the same guidelines as were recommended for the agent management curriculum in the OC.

Since the material is relevant to similar operational programs and to training activities here FE has been requested to provide OTR with copies of the final form, as a basis for providing similar help to other interested parties.
